RE: Virginia Pollutant Discharge Elimination System (VPDES) Permit Reissuance
Permit No. VA0090921, Regatta Point Yacht Club Sewage Treatment Plant (STP)

Dear Mr. Dozier:

Your VPDES permit is enclosed. This permit supersedes the previous VPDES Permit VA0090921 issued to this facility. As indicated in the fact sheet, the permit has changed; please read the permit carefully because you are responsible for meeting all permit conditions. A hard copy Discharge Monitoring Report (DMR) is not enclosed. Part I.A.6 of the enclosed permit does not require effluent monitoring and reporting until following issuance of a Certificate-to-Operate (CTO) for the facility. Following CTO issuance, a DMR will become available through e-DMR.

DEQ has launched an e-DMR program that allows you to submit the effluent data electronically. We expect every permittee to use e-DMR as permits are reissued and exceptions will only be granted on a case by case basis. There are many benefits to both DEQ and the permittee when e-DMR is utilized for submissions:

- 1) Fewer revisions for data since the e-DMR program automatically flags omissions before the data is submitted;
- 2) Cost savings on postage, copying, and paper;
- 3) No concerns about using the most current DMR – e-DMR refreshes the required parameters automatically when changes are made;
- 4) Submittals can be made on a timelier basis; and
- 5) Electronic signatures from multiple people are allowed and e-DMR can be accessed from multiple computer locations.

If you have not already done so, please register for e-DMR participation now in order for the e-DMR application to be processed prior to the first DMR due date so as to avoid noncompliance with the permit reporting requirements. Patrick Bishop, our regional e-DMR administrator, can assist you (804/527-5127; Patrick.Bishop@deq.virginia.gov). Information is also available at the following Web site:

<http://www.deq.virginia.gov/Programs/Water/PermittingCompliance/ElectronicDMRsubmissions.aspx>

As provided by Rule 2A:2 of the Supreme Court of Virginia, you have thirty days from the date of service (the date you actually received this decision or the date it was mailed to you, whichever occurred first) within which to appeal this decision by filing a notice of appeal in accordance with the Rules of the Supreme Court of Virginia with the Director, Department of Environmental Quality. In the event that this decision is served on you by mail, three days are added to that period.

Alternatively, any owner under §§ 62.1 - 44.16, 62.1 - 44.17, and 62.1 - 44.19 of the State Water Control Law aggrieved by any action of the State Water Control Board taken without a formal hearing, or by inaction of the Board, may demand in writing a formal hearing of such owner's grievance, provided a petition requesting such hearing is filed with the Board. Said petition must meet the requirements set forth in 9VAC25-230-130 (Procedural Rule No. 1 – Petition for formal hearing). In cases involving actions of the Board, such petition must be filed within thirty days after notice of such action is mailed to such owner by certified mail.

If you have any questions about the permit, please call Jeremy Kazio at (804) 527-5044.

Sincerely,

Curtis J. Linderman
Water Permit Manager
